

INDIVIDUALNA IZMENJAVA Z DANSKO

Letos je na naši gimnaziji spet potekala tri mesečna individualna izmenjava z dansko gimnazijo Himmelev. Vse se je zares začelo septembra 2013, ko sva z Matevžem Vršičem dobila v goste 2 danska dijaka: Cecilio Heitmann in Oliverja Ohlsena. Do konca novembra sta stanovala pri najinih družinah in obiskovala pouk na naši gimnaziji.

Za njunim odhodom sva sredi decembra tudi midva odletela na Dansko. Tam sva stanovala pri Cecilie oz. Oliverju in obiskovala gimnazijo Himmelev. Sledila sva pouku angleščine, nemščine/francoščine in telovadbe ter se naučila nekaj danščine. Seveda pa je bila celotna izmenjava čudovita izkušnja: spoznala sva drugo kulturo, nove prijatelje in se imela super. Če kdorkoli razmišlja ali bi se prijavil na tako izmenjavo ali ne, je edina prava odločitev: izpolni prijavnico! ☺

Katja Trampuš, 3. a

We, Oliver and Cecilie, had the pleasure of spending three months at your school in autumn this school year.

We enjoyed our stay with each our host family – Trampus and Vrsic, and it was an absolute pleasure - we still miss them a lot! We attended classes with 3.a, 3.b and 3.c and had fun experiencing the differences between your school system and the Danish one and of course getting to know a lot of new Slovenian people was the best part. The experience left us with a lot of good memories and stuff we miss such as the beautiful Slovenian nature, cheap café-visits and "Creme Schnitta"

All together we had an amazing time in Slovenia and we're so thankful to "Gimnazija Skofja Loka" and the hostfamilies for giving us the experience. Hope to see you all again – hopefully next school year.
